

Project	Intended use for Impact statement	Impact statement:	Headline (<20 words, < 30s if read outloud):
NDURER	Both	We developed a wearable device that allows athletes to measure and optimize their endurance performance while training, rather than undergoing multiple lab exams in a sports clinic. We do this by tracking respiratory activity and detecting anaerobic threshold through AI processing.	Did you know that USA was 3 minutes behind of winning the last Boston Marathon? We can fix it.
